

# Divine Love Newsletter

Volume 5, No. 2

March 2019

## FROM THE EDITORS

Dear beloved friends, welcome to another edition of the Divine Love Newsletter – a newsletter dedicated to all of you who are praying to be transformed by God’s Love.

As 2019 starts to ramp up, we have lots of exciting news to share. Divine Love Sanctuary Foundation sponsored a successful World Prayer for Divine Love on Sunday, January 6 with participants from South America, Europe, Australia and across North America. Congrats to Bill Frase and Karen Lyons for being elected to the DLSF Board of Directors. Al and Jeanne Fike continue to be very busy in sponsoring retreats and are currently on another Soul Awakening tour along the east coast of the United States. Congratulations to Raphael Legros, Darlene Gaunt, Ellen Hovan, Lynne White, Nadine Styan, Rick Minkler, and Al Fike for being elected to the Board of Directors of the First United Spiritualist Church in Burnaby! What an exciting time this is for our Divine Love brothers and sisters in the Vancouver area!

Bill Frase is inviting new participants to the LightBringers Worldwide Lattice of Light. William Montano offers an inspiring reflection on *The Human Soul as Garden of Eden*. Helge shares some wonderful insights on the difference between helping others and being of service, and Jimbeau Walsh has submitted a beautiful poem from Hafiz.

Judy Dunbar gives us the encouraging news that Children’s Sanctuary Namibia Society is now a registered Canadian charity, as well as sharing planned fundraising events and what the Society is hoping to accomplish for the children with your help and prayer support.

Isn’t it wonderful to hear about all these lovely souls being inspired by the Divine Love to serve God in their own way? We each have a role to play in God’s Plan of Salvation for humanity. If you don’t know your role, ask God to reveal it to you. Surrender to His Will so that He can work with you in manifesting His Kingdom here on earth. Don’t compare yourself with others. Rather seek God with all your heart and soul and keep your “eyes” firmly fixed on Him. By focusing on God, the distractions of this earth life will melt away and you will be more fully conscious of your soulful connection with our Heavenly Father. Pray for your soul to be in ascendancy over your mind and to be a clear channel of God’s Love and Light to this world. Together, we are making a difference.

## PRAYING ACROSS THE MILES

Freelimages.com, Sarah Kobunski

Whenever two or more pray at the same time for the best and highest while in the flow of God's Divine Love, even though we may be thousands of miles apart, the amount of spiritual light and power available in the world is significantly increased, leading to more miracles of light and healing! Our prayers, if made in the flow of God's Love, allow us to come into a greater soul rapport with God, one another, and the angels. In this way we can significantly magnify our efforts to be effective channels of God's Light, Love, Peace, Healing, and Harmony for the world.

## INVITATION TO JOIN THE WORLDWIDE LATTICE OF LIGHT (BILL FRASE)

God's Plan for the salvation of humanity involves bringing the spiritual conditions of the Earth into much greater harmony with the Heavenly Realms. God desires humankind to awaken to the blessings that are being poured out upon their souls and upon the Earth. While respecting the gift of free will, our Creator is doing everything necessary to invite all souls to open their hearts to the unlimited gift of Divine Love. As we choose to receive this precious offer from our Heavenly Parent, we may also accept the invitation to increase our active participation in God's Plan.

*Freelimages.com - BSK*

As part of this plan, souls are being invited to participate in a growing global Lattice of Light that is being established in cooperation with God and the divine angels. Souls who accept the invitation will become incorporated into a spiritual infrastructure that will support their deepest desires for God to quench their spiritual thirst and allow greater healing for themselves, others, and the world through prayer for God's Essence of Divine Love.

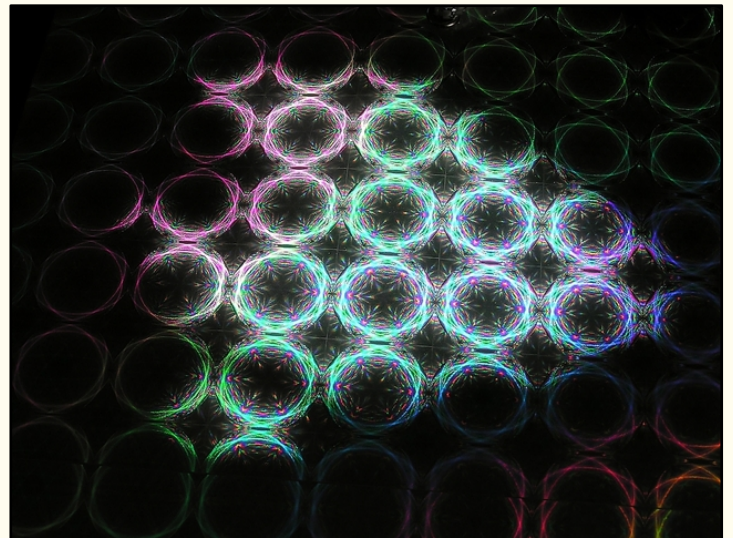

With our current information and communication networks, some may wonder why a global Lattice of

Light is even necessary. Even though many cannot perceive it, the Earth is in deep and pervasive spiritual darkness. Those who have survived the harsh conditions of the world often become acclimated to the degraded spiritual atmosphere. Too many accept “the way things are” even though the Earth was never intended to be such an unkind and unloving place. It is like a person who becomes accustomed to wearing glasses that cause them blurry vision and chronic headaches without realizing that they could see and be pain-free by taking the glasses off. Just as one can become desensitized to persistent signals to the biological senses, the soul can become accustomed to the most unpleasant circumstances. The global Lattice of Light and the souls participating in its development are exposing the great contrast between the depressing conditions of the world and the uplifting heavenly conditions that God is establishing on the Earth.

The Lattice of Light can be thought of as part of a divinely inspired strategic plan for the development and expansion of many different “beachheads” of spiritual Light and God-given Love in our darkened world. Individuals seeking God’s Love become participants in the Lattice of Light as God answers their soul longings for His Love. Many of these beautiful souls are guided by God and the divine angels to form relationships, groups, and organizations to bring greater Light and Love into the world. Whenever and wherever souls pray together in the flow of Divine Love, Circles of Light are formed. Connections that flow from prayerful participation in Circles of Light tend to be characterized by equality, healing, upliftment, unity, peace, and harmony.

Whether they are aware of it or not, souls who pray for God’s Essence of Divine Love are like beacons or conduits of spiritual energies that support the development of the Lattice of Light. These souls and bonds of love stand out brightly against the backdrop of our benighted world. As people seek more of God’s Love, their souls will expand and brighten, as will the connections that form the Lattice of Light.

Freelimages.com – George Bosela

Every soul is being given the opportunity to come into greater harmony with God’s Light and Love. At this time each soul is being asked, *“Will you cling to your familiar shadows, fears, and pains, or are you willing to open your heart to the Light, Love, and healing that are available?”* We have a real choice to make that will determine how we engage with the changes that are happening in the world. We can continue to rerun

our familiar fear-based programs, or we can choose to allow God’s Divine Love to flow into our souls in response to our heartfelt longings.

God is in the process of saving the world, and every soul is being given an incredible opportunity to participate in bringing His Light and Love into the world at this critical time. Our ability to experience the many blessings of our Creator during the coming challenges and opportunities will depend upon our willingness to come to God in prayer with our soulful yearnings for Divine Love.

We invite you to join us in our heartfelt longings to receive the blessing of God’s Divine Love Essence in great abundance for the salvation of our souls. May we love one another as God brings healing to the earth. May all of the Creator’s dearly beloved children accept the invitation to participate in the peace and harmony that accompany the inflowing of God’s Divine Love into our precious souls.

If you are interested in exploring ways to increase your participation in the Lattice of Light, please visit [Wake-Up Call for the Soul](#) or contact Bill Frase at [bfrase11@gmail.com](mailto:bfrase11@gmail.com).

## THE HUMAN SOUL AS GARDEN OF EDEN (WILLIAM MONTANO)

Once upon a time there was a divine being named God. He had the most beautiful Divine-Love garden filled with divine-fruit trees that bore fruits of joy, peace, patience, kindness, goodness, faithfulness, gentleness, self-control, faith, hope, forgiveness, repentance, and knowledge. These divine-fruit trees grew from Divine-Love seeds that God had planted in His garden. Their precious fruits were filled with Divine Love and represented the qualities of God. One day God decided to share his Love and fruit trees with somebody and He also desired that once possessed of these qualities, that somebody would love Him back out of their own free will and desire. God then created a man and a woman and named them Aman and Amon. He gave them each a perfect fruit garden in its natural form, created in the image of His. And He also gave them the most powerful and special gift, free will.

*Freelimages.com – Laura Shreck*

God explained to these beautiful creatures that their gardens were perfect in their natural form but they were not divine. He told them, however, that if they so desired and constantly communicated with Him, loved Him, and exercised their will with love and in harmony with the perfect laws of the universe, as well as earnestly asked for His Divine-Love seeds, He would send His divine gardener to plant the seeds in their gardens. These seeds would transform their natural-form love and fruit trees into the divine substance and essence of God's own garden and Himself. This transformation of their gardens would give them the qualities of the divine fruits and make them divine, immortal and one with God – true divine children of the Father.

One day Aman and Amon realized how powerful, knowledgeable and perfect God had created them with the most beautiful bodies, brilliant minds, and perfect natural-form gardens of Eden. They felt so powerful and self-reliant that they decided to seek for the Divine-Love seeds on their own, without going through the Father or His divine gardener and without living by His laws. They believed they could just jump over the fence instead of walking through the glorious gate to get to the treasure of Divine-Love seeds that would make them immortal and divine like God.

They soon realized that they had renounced the most beautiful of all of God's miracles, the transformation of the mortal human garden of Eden into the immortal divine garden of Eden. They also lost the possibility of the divine gardener coming to plant God's Divine-Love seeds in their gardens. Their error caused them to become more distant from their own spiritual nature and they soon became controlled by the needs and desires of their physical nature which further pushed them away from the Father.

After the fall of Aman and Amon, their children and future generations lost awareness of their own garden of Eden and became controlled by their physical appetites which soon overtook them as they started to break God's harmonious laws. Their violations of the laws brought into their gardens evil weeds of destruction since their gardens were now blocked from

the protection of the Father. Their fruit trees had become vulnerable to the evil pests of sexual immorality, impurity and debauchery, idolatry, witchcraft, hatred, discord, jealousy, fits of rage, selfish ambition, dissensions, factions, envy, drunkenness, and orgies. These weeds and pests overtook their once-beautiful and perfect gardens. As a result, they turned into men and women of evil qualities.

Even though His children turned away from the Father, God's unconditional Divine Love gave mankind an opportunity to return to Him. If they would just weed out and purify their gardens back to their natural state of perfection, this would bring them back into harmony with God's laws and result in great happiness.

So God made a covenant with one of His children named Abraham who would guide God's children during the intense and laborious task of cleaning up their gardens. God also gave His children a list of ten instructions on how to clean their gardens. These were received and delivered to humankind by another one of His children by the name of Moses.

In addition, God informed His children that He was going to send a very special child, free of sin, who would reopen the glorious gate to His own garden of Eden. This loving child would show them the way to obtain the Divine-Love seeds that would be delivered by the divine gardener and planted in their gardens. The seeds would cause the transformation of their garden from natural-form gardens to divine gardens of Eden and make them divine and one with the Father.

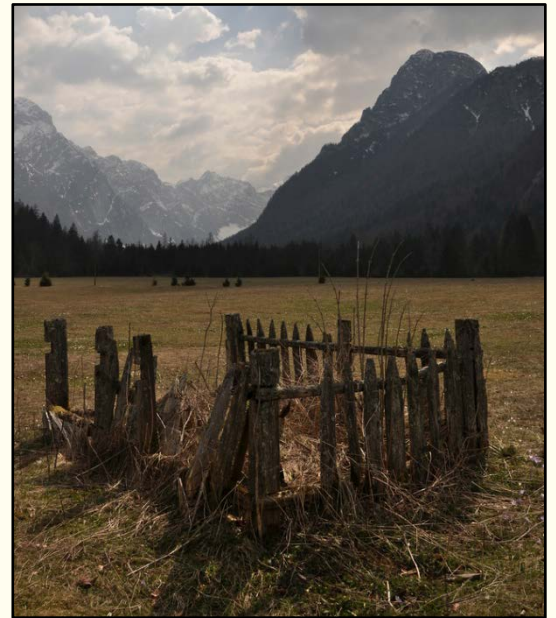

This child of God was born and named Jesus. He was born with a perfect natural garden but it was not divine. However, during his very early years, Jesus became aware of his loving qualities. He loved to read the writings of the Old Testament prophets and soon realized that he was the child that God had promised would come and reopen the glorious gate to God's garden of Eden and His Divine-Love seeds.

Guided by the Father, Jesus became aware that by praying for God's Divine-Love seeds, the divine gardener would plant the seeds into his perfect natural garden and that would create the miraculous transformation from a perfect natural garden of Eden into a wonderful divine garden of Eden. This transformation of Jesus' garden gave him a new heart reborn with the Father's Love and made him the first true son of God and at one with him.

This is the most important and miraculous truth that Jesus came to deliver to humanity.

## REFLECTION ON TRUE SERVICE (HELGE MERCKER)

As we grow on our spiritual path, especially the path of Divine Love, our ultimate mission and soul destination is *service*. Our form of service is often determined by our gifts within. These soul gifts are showing us the direction to travel in service. In our Divine Love Community, we recognize the importance of prayer as the vehicle and agent to get us to our destination. Prayers of deepest soul longings for our Father's Divine Love will help us to expand the light and hone the gifts of our soul. We thus become more aware of the deep places which give the answers and sign posts for the direction we must take in our service to God, humanity, and the earth.

Freelimages.com - ivanmarn

It is in the opening and flowering of our gifts – bathed in God’s Love – that the next steps will fall into place and become known to us. We then begin to follow the direction which God has indicated through our soul in the ultimate destination of serving His Will. The path of Grace opens to be walked on for all eternity.

Upon reflection on this subject and questioning how I try to live my life in my current understanding of being dedicated to service, several thoughts and feelings came up. The desire to help and practicing gentle kindness are reflexive attributes that come from a heart filled with love. However, we often offer kindness as a way of ‘helping’ someone. In exploring my intention behind the kind gestures of ‘helping’, I asked myself, “am I truly trying to ‘serve’ that person or is my help coming from a place of judgment, sense of inequality, or a desire to ‘fix’?”

In the short article entitled “[Serving is Different from Helping and Fixing](#)” Dr. Rachel Naomi Remen explores this intention further:

“In recent years the question ‘how can I help?’ has become meaningful to many people. But perhaps there is a deeper question we might consider. Perhaps the real question is not how can I help? but ‘how can I serve?’

Freelimages.com - Robert Davey

Serving is different from helping. Helping is based on inequality; it is not a relationship between equals. When you help you use your own strength to help those of lesser strength. If I'm attentive to what's going on inside of me when I'm helping, I find that I'm always helping someone who's not as strong as I am, who is needier than I am. People feel this inequality. When we help we may inadvertently take away from people more than we could ever give them; we may diminish their self-esteem, their sense of worth, integrity and wholeness. When I help I am very aware of my own strength. But we don't serve with our strength, we serve with ourselves. We draw from all of our experiences. Our limitations serve, our wounds serve, even our darkness can serve. The wholeness in us serves the wholeness in others and the wholeness in life. The wholeness in you

is the same as the wholeness in me. Service is a relationship between equals.

Helping incurs debt. When you help someone they owe you one. But serving, like healing, is mutual. There is no debt. I am as served as the person I am serving. When I help I have a feeling of satisfaction. When I serve I have a feeling of gratitude. These are very different things.

Serving is also different from fixing. When I fix a person I perceive them as broken, and their brokenness requires me to act. When I fix I do not see the wholeness in the other person or trust the integrity of the life in them. When I serve I see and trust that wholeness. It is what I am responding to and collaborating with.

There is distance between ourselves and whatever or whomever we are fixing. Fixing is a form of judgment. All judgment creates distance, a disconnection, an experience of difference. In fixing there is an inequality of expertise that can easily become a moral distance. We cannot serve at a distance. We can only serve that to which we are profoundly connected, that which we are willing to touch. This is Mother Teresa's basic message. *We serve life not because it is broken but because it is holy.*”

**POETRY CORNER – POEM BY HAFIZ (SUPPLIED BY JIMBEAU WALSH)**

**I KNOW THE WAY YOU CAN GET**

I know the way you can get  
When you have not had a drink of Love:

Your face hardens,  
Your sweet muscles cramp.  
Children become concerned  
About a strange look that appears in your eyes  
Which even begins to worry your own mirror  
And nose.

Squirrels and birds sense your sadness  
And call an important conference in a tall tree.  
They decide which secret code to chant  
To help your mind and soul.

Even angels fear that brand of madness  
That arrays itself against the world  
And throws sharp stones and spears into  
The innocent  
And into one's self.

O I know the way you can get  
If you have not been drinking Love:

You might rip apart  
Every sentence your friends and teachers say,  
Looking for hidden clauses.

You might weigh every word on a scale  
Like a dead fish.

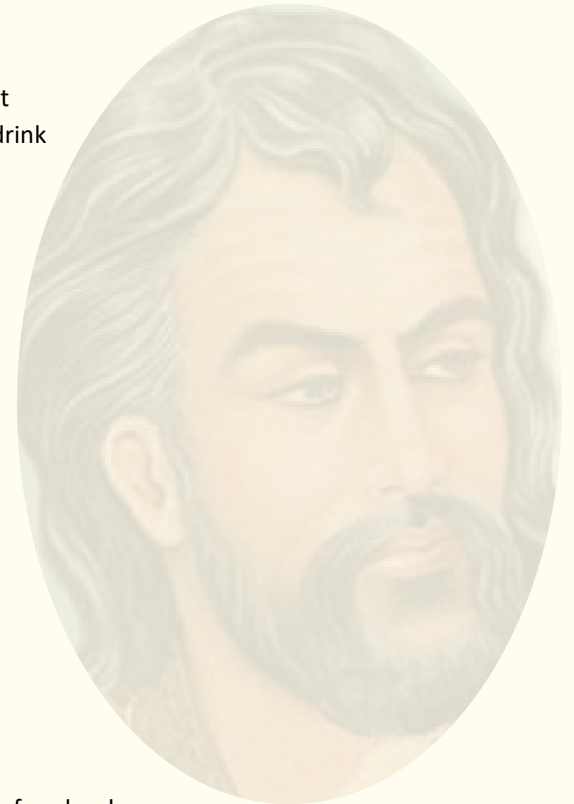

You might pull out a ruler to measure  
From every angle in your darkness  
The beautiful dimensions of a heart you once  
Trusted.

I know the way you can get  
If you have not had a drink  
from Love's  
Hands.

That is why all the Great  
Ones speak of  
The vital need  
To keep remembering  
God,  
So you will come to know  
and see Him  
As being so Playful  
And Wanting,  
Just Wanting to help.

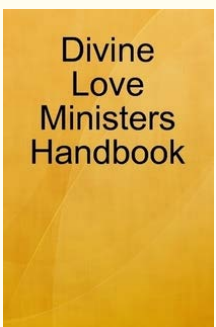

That is why Hafiz says:  
Bring your cup near me.  
For all I care about  
Is quenching your thirst for freedom!

All a Sane person can ever care about  
Is giving Love!

## FCNB IMAGE ARCHIVE (ELIZABETH MORANA)

The Foundation Church of the New Birth, Inc. is able to provide a 64GB flash drive to anyone interested in helping to preserve the scanned images (22,000+ pages) of ALL the known-to-exist messages (autographs, handwritten manuscripts, and typed transcripts) that came through Mr. James Padgett and Dr. Daniel Samuels – including both published and unpublished messages. These images are easily accessed as they are listed in order of date received. We feel it is imperative that copies of these images be held in many places throughout the world to safeguard them in a way that the Jesus' original teachings were not able to be preserved. Also, these images are of use to anyone wishing to publish them on their own website, or to carry out research on them.

To request a flash drive of images, please email us at [newbirth@divinelove.org](mailto:newbirth@divinelove.org) or write us at Post Office Box 6, Williamsville, New York, 14231, U.S.A. We suggest a donation of \$25 to cover related costs.

Postage costs vary widely, based on destination. Suggested donations are always optional and depend on the financial ability of the individual. Donations, which can be easily made via the Donate button at the bottom of the [FCNB Home page](#), also help to cover our monthly cost of \$115 for preserving the original, physical messages in a climate-controlled storage facility. All board members and ministers serve as volunteers.

**CHILDREN’S SANCTUARY NAMIBIA SOCIETY (JUDY DUNBAR)**

Children’s Sanctuary Namibia Society (CSNS) was formed in late 2017 to assist Helge Mercker in her efforts to feed and house orphaned and vulnerable children living in the Drimiopsis Resettlement Camp in Namibia. (Many of you may know of Helge and her work through her book, *Living with the Divine Love* and past updates in this newsletter.) CSNS is pleased to announce that we are now a registered Canadian charity! This means that all donations are tax deductible for our Canadian donors! As a volunteer-driven organization, we invite your prayerful and financial support of our activities.

*Building Plan – supplied by Helge Mercker*

In Namibia, construction is underway on the Resource Centre, the first of six buildings planned for the land granted to CSN (Helge’s charity, Children’s Sanctuary Namibia) by the Namibian government several years ago. The Resource Centre will include a soup kitchen, an office, a food storage area, and a meeting room for the children, house mothers and elders. Once completed and as funds allow, work will begin on five child residences. Each residence will accommodate a house mother and up to ten children.

This year CSNS has a goal to raise US \$11,500. If successful in our fundraising efforts, we will be able to:

- provide two meals daily for five days a week to 50 kindergarten children and operate a soup kitchen to feed 70 orphans twice a week. (\$2,940)
- purchase a water tank, piping, fittings and faucets required for a water supply (\$1,900)
- purchase fencing, garden tools and seeds needed for the development of a garden on the Sanctuary land (\$807)
- pay the salaries for five employees -- two security guards, a gardener, a cook/cleaner and a housemother -- to work on site (\$4,038)

A number of fundraising efforts are planned in the upcoming months, including a workshop/luncheon on International Women’s Day, a spring bulb and plant sale, a naturopathic garden tour of Al Fike’s garden, and a house concert. Please pray for the success of our fundraising efforts, for the hungry workers toiling in blistering heat on the construction of the first building, and most especially for the precious San children whom we serve.

THANK YOU!

*Divine Love casts out all fear.*

I am here, St. Andrew.

I came to tell you that where love is there can be no sin or unhappiness, and fear is not.

We, who live in the Celestial Spheres, know this to be a fact, and with all the force and authority that knowledge gives, we declare this truth unto you tonight: the love that casts out all fear is the Divine Love of the Father, and when a spirit obtains that, there exists no such thing as fear, and nothing that could create or permit fear to exist.

God wants the souls of men in love and not in fear, and the only way in which such end can be accomplished is for men to see and know Him as a God of Love only. No man can come to the Father except through this New Birth and faith in the Father's Love.

The performance of duty, good works and mere faith, while they will all help man in the development of his moral character and qualities, yet they will not give him an entrance into the Celestial Heavens which are the heavens where Jesus rules and is the Prince, unless the spirit shall obtain this Divine Love which makes it a part of the Father's very essence of Divinity.

Many spirits are happy by reason of their having led good, moral lives on earth and because of a high development of their natural love, and realize that God is their Father, and watches over them and gives them many blessings; but this happiness is not that which comes with the possession of the Divine Love, and besides, the place of habitation of these spirits is limited and does not permit these spirits to have free access to all the spheres where God's goodness and care are manifested.

The spirits who have obtained this Divine Love have no limitation to the spheres in which they may progress, and are not restricted in their places of habitation or in the spheres in which they may live. And besides, the presence and glory of the Father are so much greater in these Celestial Spheres than in those where the mere natural love obtains.

I must not write more tonight, for you are commencing to tire.

So with all my love I will say, your brother in Christ, St. Andrew.

---

*Jesus says "Those who worship him as they do in the churches commit blasphemy".*

I was with you at the church this morning, and I impressed you with my feelings in reference to what the preacher said as to my sacrifice and blood. Instead of calling upon his people to show their gratitude for the sacrifice and the cross, he should have taught them that the sacrifice and the blood do not save them from their sins and in that particular there is nothing that calls for their gratitude; and that to worship me as they do, and as he teaches them to do, is blasphemy, and a more heinous sin than ingratitude.

I was successful in impressing you with my feelings of dissatisfaction, and was glad that I could, for it shows that our rapport is becoming closer, and after a while you will be able to receive my thoughts by inspiration as well as by writings. You must pray and have faith, and if you do you will more often have the experiences that you did last night, which only means a quicker soul development. Trust me and you will not be disappointed. I will not write more now.

So with my love and the Father's blessing, I will say good night.

Your brother and friend, Jesus.
